

**How do we go forward – some
suggestions**

A sample of successful experiences

- Organic farming (with price incentives)
- Ecological farming (without price incentives)
- Social regulation against overexploitation of groundwater
- Decentralized food security through millets

Analysis of existing schemes / new research experiences

- Integrated pest management
- Water policy for rainfed areas
- Seed sector analysis
- Development of small ruminants
- Micro-biological based enhancement of soil productivity

Opportunities for institutionalizing new paradigms

- Rashtriya Krishi Vikas Yojana
- Reformed watershed programme during XI Plan
- Backward Area Development Project
- National Rural Employment Guarantee Scheme
- District Level Planning (in 50 pilot districts)

Opportunities for institutionalizing new paradigms – *contd.*

- National Rainfed Area Authority
- Continued engagements
- Traveling workshop for policy makers and senior persons in research and development
